Air Fair

When: **Saturday, June 26, 9:30 a.m.-4 p.m.**

Where: **Virginia Aviation** Museum, 5701 Huntsman Road, Richmond International Airport

Fasten your seatbelt for a taste of flight. Try out the XJ-5 simulator that whirls you around as you try to complete your mission. The XJ-5 is one of six flight simulators available.

Investigate a plane developed in secrecy and still shrouded in mystery — the SR-71 Blackbird. Make sure you see the F-14 Tomcat and Virginia's legendary Admiral Richard E. Byrd's Starts and Stripes as you visit the museum's historic planes.

Examine remote control airplanes and plastic models here for Air Fair. Make a rocket and paper airplanes to take home. Stop by the Kids Ready Room for coloring, puzzles and playing with toy lanes. Take off without ever leaving the ground on a kid-sized pedal plane.

Air Fair is included with museum admission. Tickets are \$6 for ages 13-59, \$5 for ages 4-12 and 60+, \$5.50 for active military.
